

MassDOT – Your Vision, Our Future: A Transportation Conversation

The Massachusetts Department of Transportation (MassDOT) will hold a series of statewide discussions this fall to engage the public in a conversation about the transportation system they want and what we need to do to achieve that vision. The purpose of these meetings is to hear from customers and residents in order to generate ideas and help prioritize agency initiatives now and in the future. Please join Secretary Richard A. Davey and other Commonwealth leaders in this important discussion that will shape our transportation system for future generations.
