Minutes:

Attended Board of Selectmen's meeting to hear the Draft Village Sewer Study presentation by Jennifer Siciliano of MRPC and Weston & Sampson engineers. There was no discussion among Planning Board members. A. Pease commented that the sewer study area included properties that had installed Title V compliant septic systems recently and properties that had questionable systems and inadequate land to meet Title V.

The Board retired to the Land Use room to attend to any business that came in that night. There being none, the meeting was adjourned at 8:55pm
